Intermediate Accounting (Irwin Accounting)

Synopsis

Intermediate Accounting is quickly becoming the most popular resource in its field due to its rigorous yet readable approach to coursework and the coherent, consistent voice of the author team. The Spiceland team is committed to providing current, comprehensive, and clear coverage of intermediate accounting, and the ninth edition continues to leverage Connect as the premier digital teaching and learning tool on the market. Spiceland excels in fully preparing students for the CPA exam and their future careers through the material's highly acclaimed conversational writing style, carefully tuned pedagogy, and wealth of online tools. Spiceland helps students develop a better understanding of both theoretical and practical concepts, guiding them to a more complete mastery of accounting principles. The new ninth edition fully integrates the latest FASB updates, including: Leases (ch. 15) Financial instruments (ch. 12) Revenue recognition (ch. 5) An extensive collection of NEW technology assets highlight further enhancements in this edition, such as: Concept Overview Videos Excel Simulations General Ledger Problems Accounting Cycle Review Improved Connect user interface

Customer Reviews

Wayne Thomas is the John T. Steed Chair in Accounting at the University of Oklahoma, where he teaches Introductory Financial Accounting to nearly 600 students per year. He received his bachelor's degree in accounting from Southwestern Oklahoma State University, and his master's and PhD in accounting from Oklahoma State University. David Spiceland is professor of

accounting at the University of Memphis, where he teaches intermediate accounting and other financial accounting courses at the undergraduate and master's levels. He received his BS degree in finance from the University of Tennessee, his MBA from Southern Illinois University, and his PhD in accounting from the University of Arkansas. Mark Nelson is the Eleanora and George Landew Professor of Accounting at Cornell University's Johnson Graduate School of Management, where he has been teaching Intermediate Accounting at the MBA level out of Spiceland's Intermediate Accounting for several years. He received his BBA degree from Iowa State University and his MA and PhD degrees from Ohio State University.

I wish it was available in loose leaf as it's a large heavy textbook. But it was much less than the schools cost so I am happy to carry this big book. I am very excited that it was exactly what I needed for class and it was perfect...no marks, the binding was in tact and the correct edition.

This book reads in such a disjointed way. Partially because it's written by several authors per chapter/section, and partially because they've failed to write in such a way that caters to the audiences level (we're not PhDs, we're talking about intermediate accounting here).

This book does not come with the access code even when purchased new!

It's a really well written text book. I had to purchase connect for the college class i'm taking. I went ahead and bought the text book used and then paid for the connect separately. It didn't come with the air France sub set because i bought it used, but this was not required for my accounting class. There's a loose leaf version they sell on connect that some people prefer because they don't have to take the whole book to class each time. The connect version also comes with the ebook.

Fast shipping, perfectt quality, and easy to track my package.

Did not come with air france klm 2013 annual report supplement

Good

Very informative
