Soul Train: The Music, Dance, And Style Of A Generation

Synopsis

From Ahmir "Questlove" Thompson of the award-winning hip-hop group the Roots, comes this vibrant book commemorating the legacy of Soul Train—the cultural phenomenon that launched the careers of artists such as Tina Turner, Stevie Wonder, the Jackson 5, Whitney Houston, Lenny Kravitz, LL Cool J, and Aretha Franklin. Questlove reveals the remarkable story of the captivating program, and his text is paired with more than 350 photographs of the show's most memorable episodes and the larger-than-life characters who defined it: the great host Don Cornelius, the extraordinary musicians, and the people who lived the phenomenon from dance floor. Gladys Knight contributed a foreword to this incredible volume. Nick Cannon contributed the preface.

Customer Reviews

This book brought back memories when I was a little girl watching this show every Saturday. I enjoyed reading most about the dancers, now that I know their names. I only thing I don't like about the book is that, it should have been proofread very carefully. There was a picture of Kool Moe Dee but it had another artist name underneath. I recommend this book to everyone who is a fan of Soul

Train.

I remember watching Soul Train on Saturday mornings as a teenager. Damita Jo was my favorite. Especially loved the soul train line. This book took me right back to my teenage years, lying in front of the tv and sometimes dancing along with them. The photographs are great.....platform shoes, bell bottoms, big fros. What fun! Going through this book is like going down memory lane. Thank you QUESTLOVE!!

Love my book. It's on the living room table and guests always enjoy looking at the old photos from their youth and remembering SOUL TRAIN and how it impacted their lives. It's one of those thumb through and enjoy for a long time books that is fun to share with everyone.

i enjoyed the book and the pictures especially it brought back all kinds of memories for me. thanks Elaine W

An incredible recollection of the history and impact of Soul Train. A must read for any fan of soul, hip hop, jazz, funk, and more. Music will continue to drive culture but it's important to remember and learn about one of the major influences of that ability.

this book captures the look and feel of one of the longest television shows in history, the stories behind the scenes, the groups. the icons and everything is in there. If you love Soul Train and all forms of popular music and real culture this is the book for you.

Veru interesting. I liked the book.

This is a great chronicle of Soul Train and how it became "The Hippest Trip in America". It was a must see for me in my teen years so the historical part of the book is accurate. Love it, love it.
