Customer Reviews

Corina Fletcher is an award-winning designer who specializes in pop-up books and paper engineering. She studied at Central St. Martins School of Art and the Royal College of Art. Her more recent work includes pop-up editions of Lauren Childâ ™s hugely popular books and Oliver Jeffersâ ™s Lost and Found.Britta Teckentrup studied illustration and fine art at St. Martinâ ™s College and the Royal College of Art in London. She has created more than thirty books, and her work has been translated into twenty languages. Her illustrations have appeared in magazines, on housewares, clothes, and packaging. Britta Teckentrup now lives and works in Berlin with her artist husband, their young son, and their cat.

This was really well designed. My toddler plays too rough with it, so I don’t expect it to last too long, but she loves it!

Little worried about long-term use (for an almost 3 yr old) but the set is great! It folds out and away easily and is absolutely fantastic looking! My daughter loved it as soon as it was opened and it makes her smile anytime we pull it out.Because of her age we limit usage to when she is supervised, but popup are sturdier than expected and seem to be holding up well.

Excellent!

it is cheap and exeptable condition

These books are adorable.

As with Playbook Castle, this interactive book is well engineered and sure to bring many hours of delight to any young child. These "books" (which are really much more than books) get a hearty high five from me.

This is a pop-up book and play mat all rolled into one. Your child can choose to snuggle up and read the book OR spread it out wide and use the cardboard characters tucked inside the front pocket to have themselves a wild pirate adventure. Be careful not to get eaten by the huge octopus on your way to finding the buried treasure! Hands-down, this is the coolest thing ever.
