Chopin -- 14 Of His Easiest Piano Selections: A Practical Performing Edition, Book & CD (Alfred Masterwork CD Edition)

Synopsis

This Practical Performing Edition is a well-rounded introduction to Chopin's easiest piano pieces. It contains the familiar "Prelude in A Major," "Prelude in B minor" and "Prelude in E minor," three waltzes (published posthumously), six mazurkas and additional works. Ornaments are realized and fingering and pedal suggestions are provided. Biographical information and a brief discussion of each work further assist students with Chopin's style. Included is an outstanding CD recording from the Naxos label by internationally renowned artist Idil Biret. Canadian recording artist and piano professor Valery Lloyd-Watts also performs some of the selections.

Customer Reviews

Fun to quickly learn pieces that many people recognize with little effort for intermediate pianists.
Good annotation and fingering as well.

Great book

Bought this for my wife and she loves it. Likes the CD that came with it so she can hear how the song should be played.

I have been playing piano for about 5 years and I must say this is a wonderful book! Although it is a

book of 14 of his "easiest" pieces, some of the selections are still slightly challenging (a good thing). For anyone interested in playing Chopin, this book gives a nice introduction to some of his easier compositions. Also, all of the songs have nice fingerings written to help you with your fingering if you need it.

It's great to have the cd so I can hear a professional play these lovely pieces. I've only started on one, but am so looking forward to learning the rest.

Good book!

I LIKE THIS BOOK.

Great
