I have been scrapbooking for over 15 years, and I consider myself a simple scrapper. I still like to make my pictures the focus of the page and tell the story. This book gives me ideas for pages that are perfect for my style and still look fresh. You can't go wrong with Becky Higgins!

I'm not the most creative person but I love doing crafts. The ideas in this book are just what I need for a kick-start. Well organized, lays open flat, clear & simple and easy to find something to get me going and to help me when I get a block on ideas.

Becky Higgins is a legend in the scrapbooking industry. I am a Project Life devotee and purchased this book because I knew it would be full of helpful information. I was not disappointed.

Just ok. Definitely not a must have.

I love the book, it's a fabulous resource! Many others have been using it as well and love it! Highly recommend anything by Becky Higgins, she is very creative. Love her style!

I loved the book so much that I ordered it for a friend! GREAT Simple ideas to give your scrapbook a kickstart!!!

Wife enjoyed this very much.

This is a great jump start for those times that you just can't think of the right thing. It has some terrific ideas. I am a big fan of Becky Higgins. I just wish that she had left blank pages for your own brainstorming. I did read a hint on CK to use a Rollabind punch to insert pages, but it there isn't a lot of room for expansion in the small binder. That is really my only complaint... Overall a great little product, and small enough to stash in my "luggage" when I go to a Crop.
