Customer Reviews

I'm new at gay literature. So maybe it was hotter to me since this subject matter is new to me. I liked the anal use the most and some stories were hotter than others. Also the stories are NOT short which I loved.

As a reader, it always thrills me to read a story with a new plot. Like gay romance, lesbian romance etc. This book contains 20 different stories that revolves around gay romance. The stories may be short but the author was able to give justice to the stories. The stories were concise and I was really

satisfied the time I read each of them
