How We Got The Bible: Wall Chart 20x26 Inches Laminated

Synopsis

How We Got the Bible chart features a time line that covers 4,000 years of Bible translation history, 2000 BC to AD 2000. In a single glance, the chart reveals ancient documents, early translations, and the people who gave their lives to translate and print the Bible, including William Tyndale, John Wycliffe, King James, Erasmus, and Johann Gutenberg. The chart presents modern translations as well as those first English-language Bibles. The laminated wall chart size is 19" x 26". Durable 3 mil lamination is double-sided to protect the chart and allows for the use of water-soluble markers. Reverse side of the chart provides reproducible worksheets and teaching tips to enhance and expand lessons.
