Fun book.

Love Neil Zurchers's One Tank Trips. Although these books are very out of date, they are a great source of information. I would double check the info though

Neil Zurcher's been writing Northeast Ohio short-trip travel articles for years and years. For a retired couple, the book is a great spur-of-the-moment idea generator.

Gives you so many places to see in Ohio. I love it. Easy to read and bought ot at a great price.

This is a wonderful, detailed book, containing places which take only one tank of gas. They are entertaining and fun for the whole family. Definately recommended for reading and planning great family trips or trips for two.
