Courthouses Of Georgia

Synopsis

The courthouses of Georgia—159 counties hold the keys to the history of individual families and entire communities alike. From their primary role as the temples of justice for our court system to their better-known function as the official repository of public records for significant life events, these buildings anchor many of Georgia’s town squares. In *Courthouses of Georgia*, internationally recognized photographer Greg Newington captures the prominence and character of these great structures. His images pay tribute to the community’s investment in preserving historic courthouses for future generations and celebrate new facilities designed to accommodate expanded county programs and services, keeping pace with the state’s tremendous growth. *Courthouses of Georgia* commemorates the centennial anniversary of Association County Commissioners of Georgia (ACCG), Georgia’s county government association. In his introduction to this lavishly illustrated book, former Georgia House of Representatives majority leader Larry Walker shares memories of county courthouses by legislators, authors, judges, and other notable state figures, and historian George Justice highlights the proud civic and architectural heritage of each structure to provide additional context. Organized by the nine travel regions of Georgia, the book offers the perfect starting point for touring any of Georgia’s counties and instills an appreciation for historic preservation.

The courthouse is where couples are married and where divorces are granted. It’s where

bought land is registered and where lawsuits over Ă¢â€œfamily inherited landĂ¢â€œ are settled. ItĂ¢â€œs where one gets a gun permit and itĂ¢â€œs where murder trials are held. When there is a birth, a record is made, and when there is a death someone registers that also, often in the same office. The courthouse is where one pays taxes and where one might be ordered to pay other debts to society. . . . This is what this book is all about. ItĂ¢â€œs for us to look, see, and remember: memories good and bad, history laudable and shameful. A visually stunning and fact-filled tribute to GeorgiaĂ¢â€œs Ă¢â€œtemples of justiceĂ¢â€œ.

This volume presents as neither a detailed history, nor an architectural treatise, but rather a pictorial delight celebrating Georgia's 159 county courthouses. With 350 pages, it's perfect for the coffee table and informative especially for those having an appreciation of the vital role that "County courthouses" play in the lives of many Americans. A brief data sheet accompanies each photo. These structures are often historically significant, unique, and frequently stunningly beautiful in their varying architecture styles, though a few are strictly utilitarian.

Beautiful photos with a wealth of facts and info on Georgia's court houses.

A great gift for any attorney in Georgia :).

I bought these for Christmas gifts and I think everyone was pleased with their gift.

Loved it!
