The Musical Language Of Berlioz (Cambridge Studies In Music)

Synopsis

This book is an analytical and critical study of Berlioz's unique musical style. It does not undertake to analyse all his works, but rather to separate characteristic elements and observe them in action. Berlioz's writings and those of his critics are called upon to help focus the discussion. Part I includes material on the sources of Berlioz's idiosyncrasy and a discussion of fundamental pitch elements. Part II pursues this discussion into textural, contrapuntal and orchestral features, and considers melody and rhythm. Part III deals with whole musical forms, vocal and instrumental. The book includes copious musical illustration, much of it analytical reduction, and the expressive purpose of the features analysed is fully considered. The conclusion is that Berlioz's musical language is inescapably peculiar, though not necessarily inept; features which seem inexplicable in the light of compositional theory nearly always contribute to the musical and expressive exactness of communication.

Book Information

Series: Cambridge Studies in Music

Paperback: 320 pages

Publisher: Cambridge University Press; 1 edition (September 18, 2008)

Language: English

ISBN-10: 0521082145
