Nice edition. I've used in when giving voice lessons.

Came as a different edition (different cover at least), but otherwise fine.

easy enough to play at initial playing - with additonal work required for perfecting.....just right

Very helpful book for our 9 year old who adores Annie. Very helpful for any adult as well. Piano score and lyrics from the 1980's Broadway show. Still valid for the latest show on Broadway in 2013-2014. Hooray for ANNIE!

Great condition

If you're doing the show and the MTI score isn't good enough or you're a big fan of Annie, you'll love this score. You may be wondering, ".com has 3? What's the difference?" They are all the same, but different printings. The one you have chosen is the most recent printing from 2000. The other two are older, and claim to be from 1940, which is impossible since the show was written in the late 70s. This score contains all the songs from the show, including scene changes. It gives some instrumentation, but is mainly for piano. However, it is difficult to play... (to me) Hope this helps!

I play piano at intermediate level. The arrangement is decent and it is very much fun to sing along while you are playing.
