Antiques & Collectibles #202 in Books > Audible Audiobooks > Nonfiction > Lifestyle & Home >

Crafts & Hobbies #16668 in Books > Crafts, Hobbies & Home > Antiques & Collectibles

Customer Reviews

A good guide for those desiring to enter into this area for profit. Lots of common sense advice, that most would not consider before attempting it, but should. As a fan of Storage Wars, even I learned

what to consider before trying to do it. Things that the shows, never teach you.

If you never read or heard of storage auction, this book would be ok. But as someone who has purchased many books on this subject, the book is unremarkable and overpriced. 2 stars

If you are thinking about trying your hand at storage unit bidding, this is a nice little book by a guy doing it. He walks you through the steps & lists helpful tips and recommendations throughout. The end also lists helpful links. While you may think it seems pretty basic from watching a reality tv show, there is a little more to it & he lays it all out. I learned stuff that I was unaware of. I would have to recommend the book if you are interested. I think you really should have no complaints. (I got this free)
