## Customer Reviews

Founded in 1947, Hal Leonard Corporation has become the worlds largest print music publisher, representing some of the greatest songwriters and artists of all time. We are proud to publish titles of interest to all musicians as well as music lovers, from songbooks and instructional titles to artist biographies and instrument price guides to books about the music industry and all the performing arts.

This book was ok, but I would not recommend it to a beginner, who is just learning to play the piano, because it has fours chords and the beginner would need to learn the different chords.

My granddaughter (age 8) loves this book and plays the songs on the piano. No complaints.

great
