And why did I purchase this book? Simply because I am living paycheck to paycheck and I'm sick and tired of it. I am well aware why I've been living like this, there are so many things I like to buy even if I don't need them. Let me also blame the what so called digital age, who wouldn't like to possess all those newly invented gadgets. Having thought of it, I look like a rich man but the truth is I am a desperate person - buying things which I cannot afford.
