Play Smart Early Learning 2+: For Ages 2+ (Gakken Workbooks)

Synopsis

Gakken Play Smart Workbooks are bestsellers in Japan where 1 million Play Smart workbooks are sold each year, and the books have been enjoyed by tens of millions of children. The winning Gakken Play Smart formula:  Puts the emphasis on fun - so much so, that children have no idea that they're building important skills while they trace lines and shapes, cut and paste objects, solve mazes, create crafts, and tackle other simple, enjoyable activities.  Includes parent involvement: Extensive research asserts that young children learn the most, have the highest rates of literacy, and the most developed math skills, and even social skills when there is parent involvement in the learning process. Every single page of the Play Smart workbooks includes  "notes to parents" offering advice to help each child progress.  Has been proven to strengthen kids' reasoning, decision-making, and concentration skills, which helps them prepare for the classroom - and for life. The fun-first activities in Early Learning  such as matching games, picture puzzles, and playful art projects - improve children's focus, problem-solving and social skills. These are the skills children need not only to thrive in the classroom, but also in life.

Customer Reviews

"Each one puts the emphasis on fun, so much that kids won't even know they're building important skills while they trace lines and shapes, cut and paste objects, solve mazes and

tackle other simple projects."Ã¢â€”Ã¢â€”Red Tricycle" TheyÃ¢â€”Ã¢â€”re created in a way where kids can play through the pages, rather than making it seem like theyÃ¢â€”Ã¢â€”reÃ¢â€”Ã¢â€”working.Ã¢â€”Ã¢â€”Sweet Tooth Sweet LifeÃ¢â€”Ã¢â€”I especially appreciate that the workbooks include notes to parents on every page, offering advice on how to help children get the most out of each challenge...All the pages are colorful, engaging, fun, challenging and educationalÃ¢â€”Ã¢â€”Ã¢â€”Outnumbered 3-1"...go above and beyond anything I've ever seen before in other workbooks I've had for our kids. The biggest way for me to know how successful they are is to see the excitement and joy on the kids' faces every time we pull them out! Learning + fun = amazing success!"Ã¢â€”Ã¢â€”Emily ReviewsÃ¢â€”Ã¢â€”I highly recommend these workbooks. They are perfect for the different ages and they are colorful and fun. The stickers are of the highest quality that I have seen and I can see, as a former school teacher and a homeschooling mom and reviewer, that a lot of thought went into creating insightful, practical and relevant topics for little ones."Ã¢â€”Ã¢â€”The Natural Home School

Gakken is the number 1 educational publisher in Japan. Founded in 1946 by Hideto Furuoka, the mission of Gakken has always been to produce fun-first, educational materials for children. Gakken is well-known to Asian families for its bestselling workbooks. Gakken is also well-respected in academic circles - publishing popular teaching materials for preschools, kindergartens, and primary schools. In addition to its substantial publishing business, Gakken also runs 14,000 learning centers called Ã¢â€”Ã¢â€”Gakken ClassroomsÃ¢â€”Ã¢â€” and operates nursery schools - all inspired by the successful formula used in their workbooks

We had a lot of fun with this book! It had pages for matching colors and shapes, practicing lines and the first 3 letters/numbers, and my daughter particularly enjoyed the cutting and gluing activities. Cute illustrations and stickers for each completed page.
