Grace Goldenbloom is an avid writer who enjoys getting knee-deep in research and sharing all of her discoveries in short, easy to read non-fiction books on a vast array of topics. Grace's biggest areas of interest are health and nutrition focusing on natural remedies with a touch of family and parenting. In her spare time Grace loves to be outdoors enjoying her hometown of beautiful Vancouver, British Columbia, where she enjoys walks on the seawall, climbing The Chief and lolly-gagging with her French Bulldog named Biscuit.

Good if you like beef and old fashioned recipes.

Small, but awesome. Purchased as a gift for my mom who has to follow these food restrictions. Love the crockpot options for easier meals.

There are very few recipes in here, I wouldn't exactly call it a book. It's also got pretty unoriginal ideas in here. Don't waste your money.

It is organized and informative. I wish I had it sooner

Just got it but it's very informative.

Be aware, this is NOT a book, at best this a paperback booklet. Only 61 pages, about 30 recipes. Decent recipes calling for a substitute milks (almond, coconut) and broths. Had not seen almond flour used as a thickener before, good idea.

good

Very interesting. I haven't tried the recipes yet, but plan on it in my new slow cooker.
