Customer Reviews

There are so many other arrangements that need to be made when planning a bridal or baby shower that trying to remember good shower games from past gatherings is the last thing I want to

deal with!! And since it has been a while since MY bridal shower I'm sure some of the games are outdated and square by now! And that is where this helpful little book comes in!! To the rescue!! There's a variety of games to choose from so it was easy to find activities that will make this shower a huge success!! I really lucked out finding this book on for FREE while I was searching for ideas for the shower!! It is exactly what I was looking for!!

I'm really not into showers and the elementary cutsey games that seem to be a necessary part of them. That being said, you can imagine my dismay at finding myself in charge of putting the games on for the shower of a family member. Thank God for this book. There are enough games here that shower planners don't have to resort to "The Same Old Games." Yes, it's a very small niche. But it fills its niche admirably.

I found several helpful ideas that I could adapt or use as is. We had a great time playing the games and they weren't the same things you find at every shower. Can't beat it for the price!

Great tips, and ideas. Will come in very useful for my nieces upcoming wedding shower. She wants something unique and fun - this will be very helpful.

Never received. ... not needed now!

I might use 1 out of the 30.

Found a couple of games for the bridal shower, so it served it's purpose.

Ok, nothing out of the ordinary
