Budget Weddings For Dummies

Synopsis

Don't let white blindness drive you into debt! Make your wedding everything you want it to be on the budget you determine. Are you planning a wedding, but worried about how much money you'll have to spend? In today's tough economic times, planning a budget wedding is more important than ever. This fun, money-saving guide is packed with tips for planning the wedding of your dreams without breaking your bank account! Inside you'll find tons of tips and advice for planning a budget-friendly celebration while still remaining true to your personality, values, and tastes. You'll see how to make and keep your wedding budget; select the most economical time to get married; scope out wedding locations that fit the bill; and incorporate everything from economical to green ideas that emphasize style and elegance. Plus, you get tips and pointers for negotiating with vendors and avoiding hidden expenses and add-ons. Hands-on information for planning a stylish wedding while sticking to your budget How to get deals on gowns, tuxes, cakes, invitations, photography, food, and more Use your creativity (and friends and family) to save money on decorations, food, favors, and wedding attire Cut corners where no one will notice Set your own priorities for your big day Make your celebration unique You don't have to settle for less on your wedding day. Author, Meg Schneider is an award-winning journalist who planned her own wedding for less than \$5,000! Budget Weddings For Dummies is the only guide you need to save yourself money, time, and stress while you plan a beautiful, memorable ceremony!

Customer Reviews

I saw this book before I got engaged and knew it had some great points after previewing it. Once I

got engaged it was the first wedding planning purchase I made. This book offers real solutions and advice to all aspects of the wedding. It gives great insight on how to have a great and beautiful wedding and not break the bank at the same time. It includes lots of resources (websites especially) to refer to if you are interested. Also, it does a great job of covering minor and major aspects to the wedding. I enjoyed the section they had on flowers (explaining which ones are least expensive, breaking them down by season etc.).

...I would invest in hard copy of this Dummies book, as there are timeline checklists but my old eyes cannot read them on my Kindle. Further, obviously one cannot actually utilize the checklists. That being said, I just realized that it is NOT the fault of the writer, so changed from 3 stars to 4. I will probably order this, or some other wedding planning type of book, in hard copy. As for a book review, it was a great guideline for those of us who cannot - or do not want to - hire a wedding planner. It includes suggestions for favors, invitations, timelines (as mentioned before), reminders for what will be needed to obtain licenses. In short, the myriad things one needs to have, or at least take into consideration, when planning a wedding.

This book was jam packed with a lot of helpful tip and tricks on how to create a wedding of any girl's dreams at a fraction of the price.

It is well organized but I like the matter-of-factness of bridal bargains better.

This book has helped my husband and myself so much. Everyone has an image in their head for their wedding stop all that and buy reading this book. Need help coming up with a realistic budget based on your incomes this book has it too!!

It is a very useful book for those one who do not want an expensive wedding (or do not have the money to do it).

I'm not a reader, but this book is definitely a helper, for preparing a wedding. Would recommend to anyone planning an affordable wedding.

Loved this book! It was super helpful, however since I am from a small state and a rural area, there are things that don't apply....but it was interesting to learn. I highly recommend this book!
