BARBARA PARK (1947–2013) is beloved by millions as the author of the wildly popular Junie B. Jones series. She is also the author of award-winning middle-grade novels and picture

books, including "Skinnybones" and "Mick Harte Was Here. We are thankful for the laughter she's given us and to millions of children.

My eight year old daughter LOVES these books!! She is not a "reader" and I find it difficult to find books that she wants and enjoys reading. She will literally sit down and read half the book in one sitting, which is unheard of for her. Others have an issue with the language, however I don't find that it is an issue with my child.

My 8 year old was so surprised to receive these for her bday - she loves the JBJones stories, she has read 3 books in 2 days. They are easy/short reads - the books come in a nice box, books on thin side. Good value and great little series for your child.

I have 8 grandchildren and 3 great grandchildren. One grown girl grandchild that lived far away. The rest lived near but only one girl that just turned 6. So mostly I have had to research what books to get to excite readers with very different tastes. My favorite author is James Patterson. I finally hooked my 20 year-old grandson with the Alex Cross series. Now he's even read all of The Women's Murder Club books. My 10 year old grandson I hooked with The Seven Tower Series by Garth Nix. He's now read all of the Hunger Games and is on to James Patterson with classics mixed in. They call me "The book Grandma". My little Bella caused a whole new search. I ordered the Junie B Jones 1-4 boxed set. She began to think of herself as a reader. She asked for the Christmas one and the Elf on the shelf got her that. She is almost done with 8 (above) so I am ordering the next boxed set. Any recommends for next? I was thinking Amelia Bedillia?

I love junie b and so does my 7 year old. She's at a 4.2 reading comprehension lvl and this books has kept her entertained all summer. Now we are ready for back to school AR testing lol

My granddaughter has the 1st box set and she will love this too. Junie B is one of her favorites.

my son loves these books. He is in 2nd grade and has been asking about these...These books are in GREAT condition, the wording and understanding is great for kids that are in kindergarten to 2nd or 3rd grade. He sits and laughs as he is reading the books. Perfect age range for him for being 7years old.

My daughter loves these books. They do have grammatically incorrect words and misspelling because they are written from Junie's perspective. However, it has not affected my daughter's grammar, nor her spelling. She loves the books, it gets her to read more and they have taken her from regular books to chapter books. So, overall good.

Good reading book for children.
