This is an excellent book/CD/DVD combo. I HIGHLY recommend it! I am a complete beginner on banjo and this set is the perfect starter for me: great pace (not too fast, not too slow), easy wins (I could play a song within an hour, and it actually sounded good!), and excellent instruction throughout. I also enjoy and appreciate the instructors choice of songs to learn--progressively more difficult with some banjo standards. Note: This is the first book in a series of two. Also check out this one, which is also excellent:

I started using this having never played the banjo today. The book is great and easy to understand. Having never played an instrument, I watched each lesson on the DVD several times and would pause it until I could get the example and practices. Very helpful instructor! After just the first few lessons I started to pick it up. Would definitely recommend for beginners.

Excellent beginners' book. Instructions are clearly written and the lessons are short enough to leave the learner with a sense of accomplishment. Covers a broad range of techniques.

I never played a banjo in my life, but I wanted to so I bought a banjo. This book is helping me learn to play it. I love it!

I bought this for my husband and he likes it.

The accompanying DVD will not play on my computer, only on my DVD player., which is not convenient for me. The book is fine.

Is as advertised.

Given as a gift.
