Customer Reviews

I am a big fan of Dover clip art books, and have about 120 of them. I was looking forward to this one, and it did not disappoint. Good full color (as they say) fruit labels, very good graphics.

Great product!!! Quick shipping!!! The book was better than I had hoped!!!

Nice artwork for labels.

I loved this product!The cd was awesome and images were so detailed. We use them for kids crafts and some cool knick-knacks on display in out kitchen.Dover makes some cool stuff, i recommend them completely.

Our son was very please with it and couldn't wait to use it. He sent the number which made it easy for me to purchase and it arrived in very good condition

Lots of great images, but wish there were more of San Diego area which is what the museum's project called for.

This is a great book of vintage label clip art. Very clean images and lots of diversity in subject. I would recommend for any craft, or graphic project.

This is the second time I've purchased this book. It was in great shape
