# Race And Ethnicity: Taking Sides - Clashing Views In Race And Ethnicity

## Synopsis

TAKING SIDES: CLASHING VIEWS IN RACE AND ETHNICITY, 7/e presents current controversial issues in a debate-style format designed to stimulate student interest and develop critical thinking skills. Each issue is thoughtfully framed with an issue summary, an issue introduction, and a postscript. An instructor's manual with testing material is available online for each volume. USING TAKING SIDES IN THE CLASSROOM is also an excellent instructor resource with practical suggestions on incorporating this effective approach in the classroom. Each TAKING SIDES reader features an annotated listing of selected World Wide Web sites and is supported by our student website, [www.mhcls.com/online](http://www.mhcls.com/online).

## Customer Reviews

needed this book for classes- still have this book because of the information and it's a very good read. passing it own to my nephew.

This book has many insights and I got it for a better price on than on any other site.

good text

This is another great book. I have been enjoying every chapter, and the material is very interesting

and easy to understand. Some times there are books at there that writers used strong vocabulary to make their writing unique, but this could be a problem because not every one in society had the same amount of education; therefore, it could be difficult for some people to understand. Well, this is one of this books that even a child would understand the material. I indeed enjoy every chapter or issue discussed in the material, great information.Fredys

This book is extremely useful for reminding yourself that there are always at least two sides to any issue; sometimes they are extremely opposing, and sometimes they say the same thing except for one fundamental difference. American race and class relations should be an important study for everyone, especially teachers. I would recommend this book to anyone going into education or public relations.
