## Customer Reviews

Good advice and description to help plan a vacation. From 2007, May be outdated in parts. Helpful for me to use.

Book was okay. Told me more of area around Disneyland than I wanted to know. Not too in depth about those places outside Disneyland. There are better books out there.

This guide was great as we are planning a trip to Disneyland and surrounding attractions, it had heaps of helpful advice and tips

The information in this "guide" is very outdated. I wouldn't recommend it to anyone unless you just want to waste your money.

This is a great resource for planning your trip to Disneyland. Very informative read for the rides, attractions, places to stay. The worksheets are very helpful as well, to keep the information in one place. I also suggest Birnbaums Guide to accompany this and you have a full and well-rounded set of guides to plan your trip and day-to-day activities. I also suggest joining some message boards to assist you in your planning. Simply Google or do an internet search of "Disney trip planning message board" and you will have quite a few to choose from. Have fun at the Happiest Place on Earth!

Great information for family travel to the most magical place on earth! Great descriptions of each area, and LOVED the itinerary space. May be a little out of date, that's why I gave it 4 stars instead of 5.
