The Letter Of Saint Paul To The Romans

Synopsis

Based on the Revised Standard Version - Catholic Edition, this sixth volume in this series leads readers through a penetrating study of the Letter to the Romans using the biblical text and the Church's own guidelines for understanding the Bible. Ample notes accompany each page, providing fresh insights and commentary by renowned Bible teachers Scott Hahn and Curtis Mitch, and time-tested interpretations from the Fathers of the Church. The Ignatius Study Bible also includes Topical Essays, Word Studies and Charts. Each page also includes an easy-to-use Cross-Reference Section. Study Questions are provided for each chapter of Romans that can deepen your personal study of God's Holy Word. There is also an introductory essay covering questions of authorship, date, destination, structure and themes. An outline of the Letter to the Romans and several maps are also included.

Customer Reviews

The Ignatius series of commentaries are marked by their clarity and depth of coverage. Though a thin volume, this commentary on Romans is still packed with solid, doctrinally sound, exegesis. Of course, it is difficult to review any in this series without thinking also of the Navarre series volume, The Navarre Bible: Romans and Galatians (The Navarre Bible: New Testament). The strength of the Ignatius commentary is its broader overview word studies and outlines in addition to its clarity. The strength of the Navarre commentary is in the introductory section - and the Navarre volume contains Galatians and Romans together which seems to be a good fit as these two epistles

overlap in so much of Paul's theology. The Navarre Bible also includes the parallel Latin vulgate not included in the Ignatius Bible. For the Ignatius commentary, you would need two volumes to get both Romans and Galatians studies. Having both the Navarre and Ignatius commentaries would be ideal for study and it is highly recommended to use both in preparation for teaching. However, if your budget allows only one or personal study is your sole purpose, the Ignatius study is the one to choose even if it requires obtaining the second volume for the epistle to the Galatians.

Scott Hahn is always a wonderful author, but his ability to bring the reader closer to the scripture is very helpful. I can't decide whether to read his commentary first or wait till I do the reading and answer the bible study questions. I think reading his commentary and the scripture first allows me to get a firm understanding of what St. Paul was trying to tell us.

Good for Bible Study sessions.

Quite an amazing resource for anyone that desires to unlock the richness of the Bible. The compliment of "Word Studies", Cross references to point readers to related passages, topical essays, charts, and more all contribute to a meaningful and deeper understanding of this important book of The Bible.

The book itself is small, print is small and sometimes difficult to read. I like the LARGER books and print. I have purchased Bible studyBooks previously from ,Scott Hahn, Ignatius.

Very helpful in my Bible Study group.

Just what I needed!

Excellent...Paul's great message of faith.
