This CD is awesome - My husband and I listen to it all the time! I love that it comes with the DVD and we can see how all of these beautiful songs were played in front of a live audience

Luv it!!! Great music!!! Dead my favorite song! Both the cd and DVD are amazing.. We need more music like this!

I've been listening all week to this album. I don't have it on top of my head when was the last time that happened something like that with an album. It is very typical that you get a CD Music and you like only about 4 songs out of 13, 14 songs. This album I liked them ALL, is really amazing how Zoë performs in this MTV Unplugged. I personally think the best song of this album is the one they feature with Enrique Bunbury. Go and get it! you won't regret

this is one of my favorite bands so what can i say: good music and the dvd has good extra behind the scenes.

I highly recommend this for everybody. Zoë has always done an amazing job with their music, but

this is something from another world. It is something different compared to what ZoÃ© has always done but yet so good!
