New Zealand Classic [Tubed] (National Geographic Reference Map)

Synopsis

The reference map of New Zealand uses National Geographic's signature Classic style with blue oceans and stunning shaded relief. The map shows this island nation in great detail, from the subtropical North Island (Te Ika-a-Maui) to the glacial carved valleys of Fiordland on the South Island (Te Waipounamu). The North Island is best known for large volcanic lakes and the cities of Auckland and Wellington. The South Island is famous for the Southern Alps that run along the spine of the island. The highest point in the country is Aoraki (Mount Cook) and is found in the Southern Alps. The first settlers of New Zealand were the Maori from Polynesia, the names on the map reflect this history with both English and Maori variants. The map also features a transportation network including highways, roads, passenger railroads, and major airports. All National Parks are also shown. The map is packaged in a two inch diameter clear plastic tube. The tube has a decorative label showing a thumbnail of the map with dimensions and other pertinent information. Map Scale = 1:2,300,000 Sheet Size = 23.5" x 30.25"

love it

Excellent map, great size! My wife and I went to New Zealand for our honeymoon in 2016. I wanted to give a nice corny Christmas gift where I traced our journey across the country. This map was perfect for that.
