So Worthy My Love

Synopsis

Maxim Proud and passionate, the Marquess of Bradbury swore vengeance on those who had stolen his title and lands. . . and branded him a traitor to the Crown. Elise Beautiful and spirited, she found herself the innocent prisoner of the marquess, her family's most hated foe. So Worthy My Love They were bitter enemies caught in a dangerous tide that swept through Elizabeth's England. And thus began a battle of wit and will between two people so perfectly matched that they could only fall in love.

Customer Reviews

I've read all of Ms Woodiwiss's novels and think her first two, The Flame and The Flower & The Wolf and the Dove, are her best. So Worthy My Love is one of her mediocre books. The plot is excellent: girl is kidnaped by mistake; hero is unjustly accused of treason; they are together in forced isolation for months while a villain attempts to claim her wealth. Until I read this book I'd never heard of the Hanseatic League and I suggest that having a minimal understanding of this organization helps enrich the story. The reason I gave this novel 3 stars is 1) the antagonism

between Elise and Maxim becomes tiring and causes the story to drag long before they discover they like each other; 2) Ms Woodiwiss's detail is fun to read because of her ability to describe inanimate objects with light-hearted, animate characteristics and because of her ability to artistically describe the scenes. However, in this book she gets carried away and frequently repeats the details until I felt as if she was beating me over the head with details I'd already read several times; and 3) she is known for flowery wording that is more typical for medieval writings which usually adds romance to her books, but in *So Worthy My Love* I found it to be so overdone that it was frequently distracting from the story. Had the novel been shortened by a fourth to a third it would rate 5 stars.

All of the books I buy I have already read and are worthy of another read because of the quality of the writer not because its just another cheesy romance. Authors that are a must for any avid reader start with Kathleen Woodiwiss, Virginia Henley, Johanna Lindsey, Jude Deveraux, Judith McNaught, Beatrice Smalls, Monica McCarty, Hannah Howell, the list could go on LOL can you tell I love Historical Romance novels and hey some of them got me an A on Social Studies papers in High School lol . Even though I read forgive my grammar. Go to fantastic fiction about the books and authors then get a great buy through because you won't find half of these books near you!

Aaaah the talented prose of Ms. Woodiwiss (how I miss her) - -such wonderful capability to bring us reading entertainment~~and with such humor (Fitch & Spence..gotta love these adorable and loyal-to-the-cause guys!)...it's to die for! Detailed description of each scenario lays for a solid foundation to the progress of this delightful story - - no phrase or description is too long or overplayed and draws the reader in so adeptly. At times predictable but not enough to detract from the progress of the plot. Several type-o's but once the reader understands a "b" is mistakenly replaced by an "L" (or vice-versa)..ie; "l"arge instead of "b"arge" etc...you'll do fine with your temporary confusion. (methinks new updated editing software is called for...hmmmmm??) Loved the characters...Elise Radborne is feisty and has freaked-out survival instincts...(gawd I loved her). Lord Maxim T. Seymour is one hawt piece of cheese...(lay it on me Max!) Can't wait for this to die down so I can read it all over again!!

So Worthy My Love.....Elise Radborne has seen much turmoil and torture in her life by the hands of her family, Her father is missing and she is living with her money hungry uncle and sullen cursed cousin Arabella. Elise is in no mood to be taken lightly . Maxim Seymour had it all ..(Once).. Money , Title,, Lands and a Country . But by a turn of deceitful events he has lost all including the

Queens Favor.. He must make it right , He steals into his own home which now belongs to the Father of his once betrothed intending to steel his beloved Arabella before she can consummate her wedding vows to another ... In the sheer darkness of that fateful night his men take the wrong girl instead of the melancholy Arabella they take the bewitching Elise instead....The book was good. The first 200 pages dragged a bit. KEW writes explosive descriptions to paint a picture in the readers mind, although at times it seemed endless it was worth the wait when finally Maxim and Elise are face to face. The sexual tension alone was so thick you could cut through it with a knife. The wily pranks , and witty banter between them was impressively funny .It was wonderful watching them fall in love amidst the cold German winter and the drafty crumbled keep, and of course the attentions of another suitor would drive you to stop playing games and just say what you want to say, to the person who holds your heart.All in all this book is captivating, you are drawn into a world of deceit, conspiracy , revenge and a love that has no bounds . In truth Maxim and Elise's love is worthy of your time~

A mistake by two bumbling servants creates a situation where two people try to make the most of this event and ultimately fall in love. The characters in this story are lively , which takes you on many journeys, plots and battles in England and beyond.

It's one of my favorites of Woodiwiss, and if you like several of her other ones, you should like this too. I like the feisty Elise, she reminded me of Alaina from Ashes in the Wind. Nothing groundbreaking, I enjoy it and I'm glad to have a copy of it again.

Ms.woodiwiss is one of my favourite author's. Have been reading and rereading books for years. Well worth reading for anyone interested in historical romances.

Very enjoyable!! read this 30 years or so ago & it was nice to read again.Love the way she wrote... She was one of the best.Great escapism.
