The pictures were great.

good alternative to what I normally like

Too simple!

I wanted to show all but it only allows 20 pics but i wanted to show how much i love these kinds of books. They are so nice to color on. Specially if you use Gel pens, i will show the kind of Gel pens i used in the 2nd review. There are 32 actual pages with pictures to color and 37 pages total in the book and two color test pages. The gel pen ink does not bleed through unless you color in the same spot consistently. I will be ordering more of these kinds of books i am disabled and this really helps me when i am bored or having anxiety the colors help brighten my spirit, and when i get complimented on my work it helps with my confidence. As i am sure those who are disabled any kind of compliment really makes you feel great. Any ways long story short i love the book, great price and wonderful easy to color pictures. WAY TO GO MAKERS.

Nice coloring book. Large pictures and very few small areas to color. I purchased for my elderly mother for Christmas. Her vision and dexterity has been affected by two strokes and thought she might enjoy this book since we often colored together when I was a small child many years ago.

Paper to thin.
