"Fantastically illustrated, featuring classics, like the robin, and tween-boy faves, like the Blue Tit." - Real Simple

My children LOVE this game! They want to play it often and I was impressed that the second day we had it they identified a bird outside! It is fun to have a game they love and expanding their knowledge of birds. We even went to an aviary as a result of them loving this game.

My 7 and 3 1/2 year old girls love it! Hearing my younger daughter call out "I HAVE IT!!" is priceless.

With a beautiful picture board of some silly named birds and game cards to match, Bird Bingo is fun for all ages. The perfect gift.

Love the bright colors. My kids(ages 8&16) and I have enjoyed playing it. They get kind of bored after awhile, it's not a 'go to game' choice they make often unless I get silly and come up with our own ways of playing it. But nice quality and fun learning the birds.

I got this for my grand kids. We have had a lot of fun with it. My daughter took it to the nursing home where she works. The old folks there love it.

My five year old daughter is very interested in birds so I bought this to help her memorize different kinds. Everything is very well made. Most of our game board boxes get pretty beat up but this one is so well made I don't think that will be the case.

with grandparents in their late 60s and early 70s let's face it - you're in bird bingo territory for gift gifting as what in God's name could they possibly need? this turned out to be a HUGE hit with both sets of grandparents (one american, one british) as the quality of the illustrations are fabulous and apparently it's quite a jovial, fun game.so for the older set (or even the younger ones i would imagine) this is a great, classy gift item.

We love this game. I play and call at the same time. The older kids help the younger ones and even my 3 year old gets it! The game is made so well. The board and all the playing pieces are high quality, thick, cardboard. The printing on the game is very beautiful! The birds and very accurate in their coloring.

Kids love this game. Saw this at the Field Museum in Chicago but purchased here for much less. Short game time, easy to engage the kids and sparks interest in learning more about these birds. There is another one called Bug Bingo that we picked up in the Art Museum in Chicago that is enjoyable too.
