# I Am A Fire Truck

## **Synopsis**

A board book shaped like a fire truck! I am a fire engine. I have an engine to pump water. The ladder truck reaches high in the sky, the rescue truck carries special tools, and the fire boat fights fires along the shore! Little firefighters will love learning the names of their favorite vehicles and seeing them in action! A book and toy in one!

## **Book Information**

Board book: 8 pages

Publisher: Scholastic Inc. (April 1, 2007)

Language: English

ISBN-10: 0439916186

ISBN-13: 978-0439916189

Product Dimensions: 0.8 x 8.5 x 6 inches

Shipping Weight: 2.1 ounces (View shipping rates and policies)

Average Customer Review: 4.1 out of 5 stars 100 customer reviews

Best Sellers Rank: #19,883 in Books (See Top 100 in Books) #82 in Books > Children's Books > Cars, Trains & Things That Go > Cars & Trucks

Age Range: 3 and up

Grade Level: Preschool and up

## **Customer Reviews**

JOSEPHINE PAGE is the pen name for the author of more than fifty children's books.

This is a cute little book. My son loves it. The only thing I don't like about it is that as you turn the pages, the puppy dog that is in the passenger seat of the fire truck starts to disappear, and it looks kind of strange. Pictures included to show what I mean.

My almost 3 year old son is OBSESSED with anything with wheels. He loves all these books. Also has the garbage truck version and the dump truck version. The book is a thick board book so he can pretend to "drive" the truck too. He likes the story and pictures. It has a cutout where the window is so he can stick his fingers in there to turn the pages. Cute book. Good price. Good gift.

It was a cute idea but with the spine cut to the shape of the fire truck there is not enough support for the rough hands of a toddler. The pictures and text were ok.

Didn't care for this book - no real plot (not that I'm looking for a novel, but would have preferred something a little more substantial). Just kind of ends, without really giving any information or story. Quality of book itself, literary issues aside, is fine - shaped like a fire truck and that's cute. It is priced very low so I guess it's fine for the price. But honestly I've tried several fire truck books (and train books!) and can't find any that don't make mom and dad want to croak when reading to toddler... we end up making up a better story as we read at night anyway...

My one and a half year old is crazy about trucks and loves this book. It's colorful and shows what a firetruck really does. (So many firetruck books do not show fires or the hose actually working! Don't worry, the cartoon pictures of fires are not scary.) I like that I'm not just looking at pictures of the trucks over and over with this one. The layout is really cool. The entire cover and each page of this board book is shaped like a fire engine. My son likes to push it around as well as read it.

Unfortunately the cool layout makes the binding really weak. The binding is shorter than the length of my pinky finger, extending only from the tailpipe to the bottom rung of the ladder. The book was in three pieces by the end of the first week. Now I did let my son play with the book, but I don't think he's especially destructive. We have well over 50 board books and a few paper ones too that he loves. We read them, and he "reads" and plays with them for several hours every day. This is one of only three that he's ripped/ broken the binding on. And by far this was the most quickly broken. I would suggest getting this book if it is really cheap (check Scholastic's website too). Or if you are willing to tear it away from your child for safe keeping after each read. Otherwise, get I am a Train or I am a Construction Truck. Both have longer bindings and have held up a little better.

Love it. What a good deal. My grand-sons 1 & 2 loved looking at these little books. They are easy to hold and short (perfect for little attention spans.) They are not overly heavy or awkward.

Not a very sturdy book. Son broke it in less than a hour. was great and sent a replacement. It didn't last either. Too bad. Cute book.

My 2.5 yr old loved this hard cover cut out book. Easy to understand, short story - helps when my kid wants me to read it another 5 times :)
