Hair Care Product And Ingredients Dictionary (Milady's Hair Care Product Ingredients Dictionary)

Synopsis

"Milady's Hair Care Product Ingredients Dictionary" contains a current and comprehensive list of the ingredients that are likely to be found in professional hair care products for salon use and retail products for home use. Milady's Hair Care Product Ingredients Dictionary is written using the International Nomenclature Cosmetic Ingredient (INCI) system, the commonly accepted nomenclature for all cosmetic products, and the name most likely to appear on the Material Safety Data Sheets (MSDS) and the product's label. An explanation of the different systems of nomenclature is included and terms are cross-referenced using the International Union of Pure and Applied Chemistry (IUPAC) nomenclature. Common names are also included with definitions and referenced to the INCI name.

Customer Reviews

Preface. Section 1: Product Regulation and Ingredient Labels. Section 2: Product Ingredients. Section 3: Alphabetical Listing of Hair Care Product Ingredients. Section 4: Resources.

John Halal began his career in the beauty industry as a hairstylist about 40 years ago. Halal owned and operated beauty salons for 34 years. Halal is licensed cosmetology instructor and the founder and president of Honors Beauty College, Inc. since 1992.

I purchased this as a gift for a hair stylist. She is very happy with the information given in the book. It

identifies all ingredients she questions, which enables her to use products more wisely. She gives the book 5 stars and recommends it to anyone interested in what goes into hair products.

I thought the book would give the pros and cons on the chemicals, it just gives you the info for what and why they are used.

For what I paid for it, i thought this was a bigger book. Its small.. like almost pocket size.. but I guess that makes it convenient to carry around. I haven't gotten a chance to thumb through it yet, but I am excited to have it!

A valuable resource for anyone attempting to understand what is in the bottle. I especially appreciate the format used in the ingredient listing. Each entry contains the same information, a lack of this continuity is often frustrating with other glossaries. Very well done!
