How are you suppose to teach Russian to your child when there are so many mistakes!!! -.-^ mother in law laughed at the quality of the writing. Way to many mistakes.

On page six it reads, "Here it our tiny nose." Either they forgot a word and a comma or they

misspelled "is". There's one sentence per page, you should be able to get it right. Cute book otherwise. Hopefully the translation is correct, as I am giving this to my sister-in-law from Russia for her mother to read to my niece.

Looks like someone spent a few hours with MS Paint and Google Translate. I feel like I just got scammed... \$0.99 would be too much to pay for this. Please don't make my mistake, don't waste your money.

The translation is weird; I can tell it was done not by a native speaker. It's overpriced for the quality.

Great book but it doesn't have pronunciation so unless you already know how to read Russian I don't suggest it.
