INCLUDED!Contents:BOOK 1: Starboard Secrets BOOK 2: Portside PerilBOOK 3: Lethal

LobsterBOOK 1: Starboard SecretsMillie Sanders™ happily ever after is suddenly destroyed when her husband of 35 years comes home one day and informs her that he is leaving her for another woman. To make matters worse, the other woman happens to be her ["friend"](#) and hairdresser, Delilah Osborne!After months of mourning and moping around the house, she stumbles upon a help wanted ad in the newspaper for the perfect job as an assistant cruise ship director. Before Millie can talk herself out of it, she fills out the application and mails it in. Much to her surprise, not only does the company contact her, they hire her!Determined to start a new life and new career, Millie boards the ship, ready for a new adventure. She isn't on board the massive floating city - her new home - more than ten minutes when a dead body is discovered near the atrium bar. Her curiosity gets the best of her and before she knows it, Millie finds herself right in the thick of the investigation. With a little help from a new friend and shipmate, the amateur sleuth discovers that the deceased had more enemies than friends making this murder an even tougher case to crack.Will Millie delve too deeply and risk losing her job ["and possibly her life"](#)? BOOK 2: Portside PerilMillie Sanders has settled into her new position as assistant cruise director of the Siren of the Seas and is loving every minute of the adventure and excitement.A fresh wave of passengers have just boarded, and as the deck party gets into full swing, a frantic cry of man overboard is shouted over the loudspeakers. Millie rushes towards the crowd that has gathered on the portside upper deck and watches in horror as the ship's crew desperately tries to save a young man who has just gone over.Onboard investigators believe it's a clear cut case of vacation suicide, but Millie isn't convinced. Her suspicions are confirmed when she discovers the fiancé of the poor deceased man received a threatening note.The mystery deepens and the list of suspects grows when Millie discovers some of the friends who boarded with the young couple may have had reason to push him over, and that is just the beginning!BOOK 3: Lethal LobsterAssistant Cruise Director, Millie Sanders' day is off to a shockingly bad start when her boss ["volunteers"](#) her to be his Guinea pig for a stun gun self-defense class in front of her fellow shipmates. Loyal to a fault, she agrees but almost immediately regrets her decision.Meanwhile, several crew members have become violently ill and possibly on the verge of death after eating food prepared from the galley kitchen, operated by her best friend, Annette Delacroix. It soon becomes clear that someone is out

to sabotage her friend and may be willing to go as far as murder. Millie dives in to the new mystery head first as she and her friend, Cat, try to salvage Annette's career and stop the saboteur before someone is murdered - or is it already too late? The Cruise Ship Cozy Mysteries Series Contain No profanity, gore, sex, or violence...Just Good, Clean Cozy Mysteries!

Customer Reviews

Millie Sanders finds herself starting a new life after her private detective husband finds another woman. On a whim she applies and is accepted for the position of assistant cruise ship director. Not sure what to expect from her new job, the death of a shop clerk sure wasn't on her list. While trying to fit into her new job, her innate curiosity pushes her to investigate the poor girl's death and thus begins her adventures. Millie finds that she has more skill as an investigator than she thought as through this box set she investigates murders and helps her new friends. She finds she also has a talent for being a cruise director much to her surprise. Love Boat, this is not, but it is a load of fun and keeps the reader thorough entertained, bouncing back

and forth between life on board a cruise ship and the mysteries that Millie finds herself entangled with. Millie surrounds herself with a zany, often lovable cast of characters and there is a push to want to know more about these people as the books continue. These are listed as Christian books, this is a label I generally avoid in books because while I do have my faith, I don't enjoy being preached at in my fiction, which is often what I find in books of this genre. For those that might feel the same way, Millie's faith is simply another facet of her character which she occasionally chooses or is asked to share with those closest to her. No agenda, no preaching. I have only read the first three books (in one sitting, I might add) but all are available from Kindle Unlimited and I am certainly looking forward to the other six books. 5 stars

All of the Cozy Mysteries are great. I have read the Garden Girls, Cruise Ship and now I'm reading the Mrs. Fix-it. Love them all. It is so nice to know that you don't have to skip "words" or even pages, as there is no longer "love" just "sex" in most of the books now days. Thanks again for the great reading. Sissy

I have really enjoyed the 3 books in this set. I have continued with the next 2 books in the series. I have enjoyed learning a little about life on a cruise ship as I will be going on a boat trip next year. The stories were good fun reading - clean and free from bad language and sex. They were not extremely complex but good reading never the less with some good twists here and there. If you are looking for some fun books to read I would highly recommend them.

This series is a great read. Easy to read without all the excessive & often useless details & heavy descriptive writing. The characters are charming & over the series you come to think of them as friends, with whom you are sharing in the fun, the mystery & the adventure. I'm grateful that the series is Christian, with no fear or stigma for sharing prayer & faith in God. To Hope Callaghan, the author, I say thank you for a well written, enjoyable series with no gore, sex, violence or cursing! Highly recommend.

This month a miracle happened. I picked up one of those yucky viruses that is hitting us old folks and had to go to the hospital, which has no creature comforts to offer. Just as I was bemoaning my lonely existence here came this box set. Millie Sanders and all her friends coming to visit felt almost like friends dropping into my room to share an adventure and I cannot tell you how much the visit was appreciated. Through the years I have found books designated as *Christian* a bit offensive

but not these. The characters are real people caught in real situations and trying to find their way out the other side. I sincerely love Hope Callaghan . She writes with a gentle touch that lets you relate to the characters and feel her pride, sadness and desire to help. Really, really do not miss any of Hope's books, they are worth your time and effort. I promise you won't be sorry.

I just finished reading the first 3 books in the Cruise Ship Cozy Mysteries. In book 1, Milly is in her 60's, recently divorced and looking to make some changes in her life. She applies for and is hired to be the assistant cruise ship director. She has never done anything like this before. Before book one ends she is doing a wonderful as assistant cruise ship director. She has also solved a murder mystery. These are clean, Christian, cozy mysteries. The second book only get better. By now she has found 2 friends who are helping her solve the next two murders. It doesn't take long before you wish you were Milly or at the very least, one of her cruise ship friends.

This is a very cute cozy type mystery series with a lot of happenstance to swallow, but the writing flows fairly well and everything has a purpose and reason. The characters are somewhat believable and likeable and the action moves along. For me, what I like best is that this series and continuing storyline is about female empowerment without the help, rescue or even input of men - refreshing. And the environment of a cruise ship is novel and kind of interesting. A nice light read for a sunny beach day or backyard chill.

Great reads. Love everything that has been written by Hope Callaghan. There is mystery, love, laughter, and of course love of God shown in her books. For those that do not want all the bad or curse words and vulgarity, Hope's books are clean, good reads.
