Gentle Babies: Essential Oils And Natural Remedies For Pregnancy, Childbirth, Infants And Young Children

Synopsis

Combining two decades of professional knowledge with tried-and-true techniques and first-hand testimonials, the author has compiled this insightful and easy to follow guide benefiting both experienced and first-time mothers. In addition, the book contains an introduction to Young Living therapeutic-grade essential oils and applications and provides safety information and a section on discerning the quality of essential oils. Every family taking proactive steps to better health should have this resource in their home library. "This is the first and only book we recommend specifically for mothers and expectant women. Every family needs this book." - Dr. David and Lee Stewart, authors of *Safe Alternatives in Childbirth*, *Five Standards for Safe Childbearing*, *Healing Oils of the Bible* and *The Chemistry of Essential Oils Made Simple*. "I recommend this book to everyone I know, especially those proactively supporting the health of their children and grandchildren. It is my hope that every household will own this book and every child may benefit from the information on the use of therapeutic-grade essential oils." - Jamie Hyatt, R.N., F.C.C.I., B.C.R.S., L.S.H.

I am new to essential oils, and this book really helps in understanding how to use them. It helped me understand how to mix oils to make different blends. I have used many of the blends on my own baby, he is 14 months old, and it has done wonders for him. I would recommend this book to any mother who wants natural remedies for the children!

I love the way this book is laid out. Its very clear and precise. It has been so helpful with both of my pregnancies as well as me and the children after birth. I have also bought several copies of this book and give it to all my oily mom friends! I would highly recommend this book to any oil lover and parent.

LOVE This book I have bought it several times and handed it off to you young mothers looking for a more natural approach

I buy this book time and time again for expectant mothers. It's a must have in the essential oil library.

Amazing book- not just for pregnancy or mothers of babies. Great for families who want to make a change in their lives for the better!

Another great book on using oils on children. Great addition to my library.

Love this book. It is a great Baby shower gift for oil lovers!

First purchase was as a gift for my Granddaughter second purchase was for me. Very helpful book for new Mom's!
