Language: English

ASIN: B00V6QC1HW

Best Sellers Rank: #144 inÂ Â Books > Audible Audiobooks > Language Instruction > Other Languages

Customer Reviews

This is a phenomenal book to learn Hebrew. It doesn't throw everything at you at once and has a lot of exercises. However, I very strongly recommend you get the whole set with it - Books 2 and 3 - the answer book and the teacher's instructional book (although you don't need to be a teacher to use it - but it's the only one of the set with English explanation). Book 3 does not follow Book 1, however, there is an extensive cross reference to what you are learning in Book 1. Top it off with the audio set for the course, so you get the pronunciation right. I would also strongly recommend that you know some very basic Hebrew before starting Ulpan Ivrit, unless you have a Hebrew speaker that can work with you. My wife's cousin, who is an educator in Israel, sent it to me. It is being used in some of the Ulpan classes in Israel. I am terrible in languages, but this book has helped me tremendously. Very rarely do I have to ask my Israeli what something is - it is that thorough. I got the digital version of the books in addition to the hard copy so I don't have to carry the big printed book with me while I travel. I just loaded into my tablet and now I can use it anywhere. Book 1 is divided into two books for the digital version.
