Justice Burning (Darren Street Book 2)

Synopsis

A Wall Street Journal bestseller. Former defense attorney Darren Street is desperately trying to put his life back together after spending two years in a maximum-security prison for a murder he didn't commit. He's rebuilding his law practice, reconnecting with his son, and falling more deeply in love with his girlfriend, fellow attorney Grace Alexander. But the past casts a long shadow, and for Street, there's no outrunning it. Tormented by nightmares and violent mood swings, Street is seeking treatment for PTSD when a new trauma shakes his world: his mother is killed in an explosion, but the police believe Street was the intended target. Payback from an old enemy, or the calling card of a deadly new foe? Whoever's behind it, Street begins to lose his grip on reality and decides to take matters in his own hands. And the law won't stop him from revenge. Justice has a new name: Darren Street.

Customer Reviews

I really, really enjoyed this book. Although it is a sequel, it can be read as a stand alone, the author

did a great job of fitting in enough back story for it to be a good read, even if you haven't read the first in the series. However, what a great sequel, what a great continuation of this character's story. I'm torn though, should I have been rooting for him? Where can the author possibly go with this? I can't wait for the next in the series.

Darren Street has done it again!! This is the THIRD IN A SERIES of his books. All the Streets books have been excellent, it's like this one was like had me engulfed in a movie!! I hope you will read this book and see if YOU liked this book as much as I did!! :-)

This was not one of his best, however, I did enjoy reading it. Looking forward to another one. Keep writing and remain true to your characters as they seem to make one believe they really do exist.

I expected Criminal Justice to be about a trial - not murder and mayhem that's made to look alright as long as it was "get even". Will not read anymore of this author. Therese Short

This author has really stunned me and I did not expect it at all. Sometimes I could not believe what was happening but I can not wait for the next book.

Scott Pratt is one of my favorite authors, and his Darren Street books are great - characters, story lines, everything. I encourage anyone who likes crime novels to read Scott's books

When I started this book, I really did not know where it would go, especially when Darren came up with his form of vigilante justice. Scott Pratt did not disappoint! Thoroughly done and a great ending.

Continuing from the first book, this story takes you on a psychological journey through a mind of a deeply abused lawyer. Enjoyed it tremendously.
