Customer Reviews

One of the best books ever written by one of those individuals who has been down in the trenches. Steven Cramer does an excellent job of relating gospel principals to his own personal life and lets those who are also in the trenches know that by applying the principals in his book that they can get out as well. I highly recommend this book for anyone who is struggling with their testimony and feels that the forces of evil are beginning to over power them. Theodore Sumrall

My aunt recommended this book to me, so I sent off for it. Great read! Really opens your eyes to the cunning plans of our common adversary.

This is an excellent book! It's very informative and interesting,, an eye opening perspective about Satan and how he works. I highly recommend it!

great condition thanks

Very interesting book that points out strengths and weaknesses in each of us. It enlightens the mind with new thoughts, especially with ideas and desires to be more aware of choices and decisions.

This book gave such a powerful perspective to my son and I. We refer to it often as we discuss the ability to defend against the adversary.
