The Age Of Alexander (Penguin Classics)

Synopsis

Plutarch's influential writings on the ancient worldPlutarch's parallel biographies of the great men in Greek and Roman history are cornerstones of European literature, drawn on by countless writers since the Renaissance. This selection provides intimate glimpses into the lives of these men, revealing why the mild Artaxerxes forced the killer of his usurping brother to undergo the horrific "death of two boats"; why the noble Dion repeatedly risked his life for the ungrateful mobs of Syracuse; why Demosthenes delivered a funeral oration for the soldiers he had deserted in battle; and why Alexander self-destructed after conquering half the world. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.

Customer Reviews

Plutarch (c.50-c.120 AD) was a writer and thinker born into a wealthy, established family of Chaeronea in central Greece. He received the best possible education in rhetoric and philosophy, and traveled to Asia Minor and Egypt. Later, a series of visits to Rome and Italy contributed to his fame, which was given official recognition by the emperors Trajan and Hadrian. Plutarch rendered

conscientious service to his province and city (where he continued to live), as well as holding a priesthood at nearby Delphi. His voluminous surviving writings are broadly divided into the "moral" works and the *Parallel Lives* of outstanding Greek and Roman leaders. The former (*Moralia*) are a mixture of rhetorical and antiquarian pieces, together with technical and moral philosophy (sometimes in dialogue form). The *Lives* have been influential from the Renaissance onwards.

Gotta love Plutarch. This is a great copy, though I'm still holding out for when all of Plutarch's lives are published in conjunction in one volume.

A great translation of Plutarch into English. An interesting account of not only the character of Alexander but of other historical figures as well, including Demosthenes, the most famous orator of the ancient world.

Excellent study of people; life, love, ambitions and death. A good insight into "know thy self". Recommend reading for anyone interested in self improvement.

This ebook is a good read, great for reference and easy to cite in Chicago Style. Overall a wise investment.

the great

I love it!

Short bibliographies, required for class. Nothing too exciting but you cannot just read it straight on, you must read with a critical eye.

Well written
