The Camel Club

Synopsis

In "The Camel Club", bestselling author David Baldacci paints a frighteningly vivid portrait of a world that could be our very own soon, and the few people who have a chance to stop the chaos...

Customer Reviews

Conspiracy theories--everybody has one. The difference with this conspiracy is that it's all too real. David Baldacci's *The Camel Club* takes readers inside the Beltway as four unlikely misfits struggle not only to survive, but to save their president and their country from a plot that will lead to nuclear disaster. Bestselling Baldacci *Last Man Standing* *The Winner* *Total Control* *The Simple Truth* *Absolute Power* *Saving Faith* --This text refers to the Audible Audio Edition edition.

If anyone can make terrorism entertaining and ironically exciting, it's thriller vet Baldacci. New York stage actor Davis helps to brighten up a bleak subject with almost perfect pitch (his female characters' voices are often disconcertingly lodged in the baritone range), as he brings to audio life the adventures of a gang of four Muslim men who live in the Washington, D.C., area and meet regularly in isolated places to discuss and argue about international politics. Led by a likable chap who calls himself "Oliver Stone" because he and the film director share a supersized fascination with conspiracies, the *Camel Club* is basically an excuse for its members to feel involved and important. But when they accidentally witness a real high-level conspiracy in action, the four are suddenly at the center of a world class disaster which could lead to an American nuclear attack on Damascus. Baldacci works hard to balance all his many characters and their connecting stories,

and Davis holds up his end with clever, sharp-edged subtlety that helps listeners stay in the picture. Copyright © Reed Business Information, a division of Reed Elsevier Inc. All rights reserved. --This text refers to the Audible Audio Edition edition.

The first third is an inscrutable mash-up, but then great characters emerge, the powerfully stupid go down, and wisdom rules.

I'm still struggling to finish this. I like everything Baldacci writes, even liked the first Camel Club I read, but this...is the most boring, ludicrous thing I've read in a long time. I keep feeling he is praising radical Islam and trying to make me "understand" them. Maybe when I finally get to the end, it will make more sense, but this is the last Camel Club "adventure" I will waste money and time on. Nothing against my own gender, but it has a very feminine feel to the narrative and if Oliver Stone is such a bad a#\$, why does he schlep around, all droopy and weird? Just not my cup of tea.

.

I am a fan of the author. but I had put off reading this novel because I misjudged it. I WAS AFRAID IT WAS ABOUT A BUNCH OF OLD GUYS! I was so wrong. It slowly becomes one of the best s of novels I have read. It has,too many characters , but you get used to it. Each character is developed well (in time)The story is great and the twists and turns fool you. I like to be amazed and it has these kind of moments. Baldacci must have a vast knowledge of spy agencies. It was a joy to read, but it takes awhile to digest all of the characters. Oliver Stone is a great character, but this story had several good sub heroes, such as Alex, Kate, Ruben, and bad guys like Hemingway and Carter Gray. Lots of action and a deep plot. NICE!

Great cast of characters and gripping story line. David Baldacci is a wonderful writer, I love all of his books

Fun to read. I just love his characters and how they interact with each other. I've said it before, they really come to life in his books.

This was even better on its second read. Have read all of davids books but still find these early Camel Club ones the best!

I really enjoyed it and can't wait to read more in the series. It's got good twists and turns and unexpected things.

Suspenseful all the way to the end! Love the plot twists the writer comes up with in all of his books. Reminiscent of Cold War era novels!
