Great item, fast shipping, thanks again would do business with again. The book itself was in bad shape still usable.

great book

I love history; and still have the above copy. I believe in continued self-education and often go through it; especially when I do research for my writing.

Great buy for me it was a used book but it worked for what I needed it for it did the same job that a new book would have done without having to spend alot of money buying it new.

Probably one of the only college textbooks I still own today. The topics were well written and very interesting. Keeping it in my library.

I received the wrong book

As described, and arrived on time.

The item arrived on time and was in the described condition. The book is very informative and interesting, so I would recommend it to anyone who needs this book.
