I have also published numerous articles on Spanish and Spanish American authors which have appeared in U.S. and Spanish literary journals. The information is presented clearly and in an organized fashion. Sometimes it has large chunks of text but the questions at the end of each chapter help with comprehension. I have it for a textbook and I don't mind reading it so much.

The text gives a wonderful view of Latin-American history and offers the opportunity to combine establishing an historical perspective with the ability to learn past, present and future tense regular and irregular verbs. The text enables me to increase my vocabulary beyond conversational Spanish.

The item arrived safely. The text is very inclusive and offers something of interest to any student of Spanish.

Lots of highlights and notes in the first chapter make it hard to read but other than that good quality textbook for cheap.

this was required for one of my spanish classes. very read-able for a textbook in another language. shipping was probably fine. quality was great. not much else to say...

Very good book! Ã Â Â^Â

A good, up to date textbook! Thank you for the prompt delivery.

I purchased this book for school and it has served me well. It was just what I needed and it arrived in a timely manner. No complaints, works great.
