Customer Reviews

The cd is VERY helpful in that it is very useful in cementing good pronunciation. And of course alternating between a male and female speaker is one of those things that seems like a no brainer. Not very many apps seem to do it very well, however.

The title says workbook yet 2 discs were mailed to me. When I installed the discs, I thought the workbook would be on there and I could just print...NOPE!! I sent the disc back and still no refund and it's been almost a month. I'm a totally disappointed customer at this point!!!

Unfortunately, I do not have this anymore.

Excellent Product and Service
