The Lost Pilot (Athena Lee Chronicles Book 0)

Synopsis

This is the Prequel for the Athena Lee Chronicles. Before Athena Lee and the worlds that she knew there was an embattled Earth. Earth was in turmoil before the first colony ship was launched. The Cyber Wars raged across the planet as country battled country. The war was fought until only the Major Powers were victorious. In the aftermath, the United Nations came into it's own. Warriors, trained and bred to be the best the world had ever seen emerged from the shadows, bringing order and control out of the chaos of the Cyber Wars. Sam was one such warrior. Born and bred to serve he followed his orders and became one of the best pilots in the service. The future of man lay in the stars. Colonization was a good way to rid society of the undesirables of Earth. He volunteered to start a new colony and spread Earth's power.

Four ENTERTAINING Stars. "The Lost Pilot" (Athena Lee Chronicles, Book 0) by T. S. Paul, is advertised as the prequel to the "Athena Lee" series. This is a very entertaining, imaginative short story that rushes along, at full tilt, thru each succeeding chapter,

ending far away, location-wise, from where it started. Beginning on Earth in the early deplorable 21st Century, the storyline reveals the run up to the Cyber Wars, covering the puzzling tragedy of Neville Maske, Earthbound Eddie Bakker & wife Ann hoping to leave, Dr. Howard Holmes, two audacious and probably illegal programs, the academy, space stations, and so on. One problem, as the author acknowledges at end, is the very real need for better editing of the story, but the reader can power through™ these problems that do not prevent ultimate enjoyment. This tale, with its unusual ending, bodes well for the Athena Lee series. Very Definitely Recommended. Four AUDACIOUS Stars. (Digital Services, LLC. 64 pages. Text-to-Speech and other special functions are enabled, except X-Ray.)

Introduction the Athena Lee books. Essential if you want to understand the more recent books. Explains how earth go so messed up.

Very good . Reading the rest of the series.

This is a good backstory for the Athena Lee universe. We got to understand where the universe came from. It is mostly exposition but still good reading. I'm looking forward to reading more about Sam.

Great idea. Plot is a little thin. Action jumps out of nowhere and then disappears. Good read and will read more of the series.

It is good to get the back story of what went on before. Nice to learn about Sam and what went on with Earth.

Still the best series.
