Little Old Dog Sanctuary - Happily Ever After

Synopsis

Once an animal comes through the front door of Little Old Dog Sanctuary, they enter a Utopian, free-range Rocky Mountain Shangri-La where napping is a competitive sport, potty training is optional and the record for guarding a Milk-Bone by carrying it your mouth everywhere you go stands at 13 hours. Along with the opportunity to continue living, the dogs also get dignity, respect, blankets, beds, toys, medicine, friends, amazing food and copious amounts of unconditional love. And of course they get treats. Lots and lots of treats. The book also reveals that the one true secret to happiness is having a grumpy, old Chihuahua. Whoops. Is it too late to say “Spoiler Alert”? Funny, touching and inspirational, the stories about the Sanctuary are both guilt and fat free. Indulge yourself! “Dog lovers, this is a great book and one you will enjoy.” •

It actually took me awhile to finally buy this book. I don't know why, but it did. It took me two days to read it. The Why for that is easy - I have my own "Old Dog Sanctuary" that I must take care of. We

currently have eight - six Chihuahuas, one Pekingese and a Pug. When I say I know what this woman goes through, I really mean it.....first hand.This is most definitely one of the best books I've read in quite some time. I recommend it to all animal lovers out there, especially the people who do their best to help rescue the older, "un-adoptable" canines and critters, that without people like the author, would die, unloved, scared, homeless and unhappy. There is a special place in Heaven for these people. I look forward to meeting them when it's my time. I'm sure we will all have a boat load of stories to tell. Five stars all the way.

This sanctuary is local and I bought this to support them. I really enjoyed the stories and also knowing that someone cares for little old dogs nobody wants.

Love, love, love this book! One of the best I've ever read. Candid, sincere and hysterically funny! You will not only love the book, but you will love the family and the Sanctuary!

A charming book. A fun read for everyone who loves animals.

This is truly one of the best books I read. Emotional, fun, entertaining, and packed with love and care. And above all, very well narrated. The author Hope Morgan is an incredibly talented writer and storyteller. She made me laugh a lot and cry sometimes. Each of the dogs has its unique, heart touching story. The daily routine seems easy going, although this must be such a lot of work and commitment. Six loads of dog laundry a day? I would be busy only with this part. Hope's moving experience proves that everybody can help to make this world better. So that, at the end of the path, one can look back and be certain that his/her life had a purpose and mattered. Thank you very much for this great book, full of humor, joy, respect, and plenty of old dog love. Highly recommended, not only for dog lovers.

I don't read a lot of nonfiction books, unless I'm looking for something specific. With that being said though something about this book really interested me when I saw it on a book blog, and I was pleasantly surprised to see how entertaining it is. This book is filled with stories about the author's experiences with the various pets she's taken on at her animal sanctuary. Most of these are dogs that are seniors or dogs with medical problems. She also shares her experiences in how these dogs end up at the sanctuary, as well as some interesting tidbits about her own life. If you're looking for an entertaining read and you enjoy happy endings when it comes to animal rescue stories, you're

really going to enjoy this book.

I rarely rate a book, but I absolutely loved this one. I couldn't put it down. Being a dog owner, I have much respect for the author.

I will recommend to my dog loving friends and those of us who believe that pets go to heaven too
