Customer Reviews

A comprehensive look at the largest mountain range in northern Alaska. With index. -- From the Publisher

I bought this before going into the backcountry of the Brooks Range and devoured it avidly. My only complaint was that it was falling apart on arrival. Since I have a heavy duty manuscript stapler, I put it together (ugly as staples may be). Going to the Brooks Range or been there? You'll like this book.

Book came damaged but I think it was the Post Office that damaged it. Otherwise it looked like a good copy. Unfortunate.
