Customer Reviews

This resource encourages a deeper understanding of the life, death, and resurrection of Jesus Christ by harmonizing the accounts of Matthew, Mark, Luke, and John so as to assemble as many details as possible into a chronologically meaningful sequence.

A Harmony of the Gospels provides an important means for studying the four gospels at one time. The editors have geared this work to provide such an overview for those studying in a college or seminary setting. The text follows an outline of probable events in the life of Christ in chronological sequence, which enables one to see at a glance when various events occurred, the geographical location. Maps provide a means of identifying these places.

I don't like doing book reviews, but I'll make an exception. I've seen harmonies of the Gospels before, but they were all based on the Gospel of Mark. This one is based on the Gospel of Luke, which gives the reader a different perspective. Where there is more than one account, they are presented in parallel columns. Extensive notes are included for Old Testament references and for

problem passages. This is a great study tool for the life of Christ. We are using it in an adult Sunday School Class.

I am really only part way through, but it is a good way to read the Gospels and get a more balanced view of each event with the perspective of each scripture author side-by side. I feel the authors do a good job in their commentary and have found the documents in the appendices to be intelligent additions to each subject they cover. I am really glad to have purchased this book for my Bible study.

Bought this as study material for our Bible study group. It brings us back to our root reason for being a Christian: Following Jesus. For anyone who wants to look more in depth at the life of Jesus, and wanting to see all the gospels, this is the book to own.

I bought this for my son. He love it!

This is Excellent! Much of the cognitive dissonance I've encountered while reading the Gospels has faded. A thoroughly enjoyable read.

IT EXCEEDED MY EXPECTATIONS BY FAR. PARTICULARLY HELPFUL WAS HAVING ALL THE RELEVANT GOSPEL TEXTS SIDE BY SIDE AND IN A MOST REASONABLE CHRONOLOGICAL AND AT TIMES TOPICAL ORDER, ALONG WITH NOTATIONS ABOUT THEIR SOURCE RIGHT IN THE TEXT.

As most people who study the Bible know, there is usually a harmony of the gospel available. However, this reference guide provides the serious students with an in depth connections between the gospels and reviews what some people would say are errors in the gospel. The Harmony between the gospels are interpreted conservatively. If you are a student that prefers a more liberal interpretation I would still recommend this reference so you can compare the various interpretation.

When your reading about the life of Jesus you can't but believe more and love more and be transformed by HIS goodness.for someone who desires a closer and deeper walk with the ONE who saved you by Grace,please give yourself a gift and soak in the words of our LORD.
