Customer Reviews

In this beautifully written and photographed guide, a husband-and-wife team of expert naturalists vividly chronicle canyon country, from its hidden trails, desert gardens, and Navajo, Anasazi, and Ito-Aztec archeological sites to its animal life--some of the wildest and weirdest on the planet.

Neat find, great pictures. This appeared once a while ago at a very hefty price and I put off buying it, missing my chance. I saw it again later on, from a seller who wasn't looking to gouge buyers, and lucky me. If, like me, you can look at slickrock and red desert all day, this is your thing. Not too many of these books around, which is doubly cool.

arrive on time. 5 star. very good seller . my brother like it , Very good for the price.
