Grade Level: Preschool - Kindergarten

Customer Reviews

Same quality of all Golden Books, with cardboard type cover and paper pages. My daughter is obsessed with Bubble Guppies, and this book has been a hit at our house for over 6 months now. Cute story about getting a puppy and taking care of a puppy.

I purchased 12 of these for my sons birthday party as party favors instead of doing candy bags. HUGE HIT FOLKS!!! You spend the same or less even and parents love the idea of their kids getting something educational and that doesn't go straight in the trash. Lol.

Little Golden Books are great. This one is perfect for beginner readers. My son just learned how to read, and this is one that doesn't have a ton of big words in it, so he can read most of it himself. The pictures are bright, and the story is cute. It is about how the Bubble Guppies adopt Bubble Puppy. It's a great read!

Pre k children luv it

We Bought this for my one year old daughter as a Christmas present in 2014 , when she was going through all of the presents she fussed.Until we got to opening this one! She had a grin from ear to ear, and wanted to touch bubble puppy every time he popped up on the pages. It is well written , and the illustrations are wonderful :) The pages are a little different/ flimsy then I remember as a kid, but that's about it it has served us many smiles and hopefully many more to come

Good quality

My niece loved this book!

2 yr old grandson likes the book.
