Big Nate: Great Minds Think Alike

Synopsis

Two heads are better than one, except when they're crashing into each other! But that won't prevent Big Nate and his pals from hatching great ideas for fun. Nate Wright is a wisecracking 11-year-old who knows he's destined for greatness. The star of Big Nate, the daily and Sunday comic strip that made its debut in 1991, Nate's a sixth-grade chess prodigy, a self-described genius, and the all-time record holder for detentions in school history. He's often in hot water with his teachers and classmates, but Nate's winning personality and can-do attitude always make him a big hit with readers.

Grade Level: 3 - 7

Customer Reviews

Nate is back, in his twelfth collection of comic strips. He's discovered Sudoku puzzles, he's arguing with his dad about the appropriateness of the comic book *Femme Fatality*, and he's still trying to win Jenny away from Artur. Older elementary- and younger middle-school readers are the perfect audience for this series. They'll love Nate's snappy comebacks and root for him, even when he is clueless. Peirce's art is cheerful but not too childlike, and he has created a nice stable of familiar characters. Pair the comic-strip collections with the Big Nate novels for guaranteed reading fun. Grades 3-6. --Snow Wildsmith

"I found myself laughing out loud quite a few times as I read through this comic collection. As fun as this Big Nate collection is, you might be surprised to learn that this book can teach a thing or two. There is a handy-dandy teacher's guide with activities that align with the Common Core State Standards for English Language Arts for grades 3 - 5. There are discussion questions, group activities, and creative writing exercises...I think BIG NATE: GREAT MINDS THINK ALIKE would make a fantastic gift for any middle grade reader. Highly recommended...especially for reluctant readers." (Booking Mama)"Big Nate fans, those who enjoy comic anthologies, and reluctant readers will appreciate this collection...Big Nate is a growing hit at my school library and I look forward to putting this book into eager hands." (Good Reads with Ronna)"Big Nate hooks upper elementary and middle readers with humor and easy-to-read text. The characters are extremely relatable and Nate's antics are always entertaining...his constant hopeful outlook makes him truly likeable. Big Nate introduces readers to a bunch of new vocabulary words and presents educators with many opportunities for teaching reading and creative writing within the Common Core Standards. The illustrations are crisp, clear and colorful and the text is big and bold and easy to read...Big Nate: Great Minds Think Alike is entertaining enough to attract reluctant readers and inspire them to broaden their reading horizons beyond comics. Any book that encourages the love of reading is an awesome book. To round out the reading experience, there's a slick pull out poster in the back of the book. Be sure to check out the Teacher's Guide for this book." (Debbie Glade, Smart Books for Smart Kids)In addition to the graphic storytelling, Nate's cartoons interspersed among Peirce's panels could provide teachers and librarians with great opportunities to incorporate this series into programs or lessons on cartooning and writing. (Snow Wildsmith, Booklist)If you're looking for a new series to introduce your kids to this upcoming holiday season, chances are they'll really like these collections. (Rich Johnston, Bleeding Cool)Big Nate is super funny. I love these books. (Appeal-Democrat)

great!

Thank you

Love this book so much. Especially the ending. I like that more. Yeah. Otherwise

THIS IS ABSOLUTELY ESSENTIAL TO BIG NATE LOVERS. I LOVE IT. It has all new BIG NATE comics . I would give it 2000000000000000000000 stars but there's only 5 to give. IT IS AWESOME.

this book is a must read. everyone would love it so buy it if you have the money. it's really great.

Our seven year old is obsessed with this series. He spends his allowance money on them. He received four more for Christmas, and is receiving a reading award in his class next week. He will ask to go to bed 30 minutes early just so he can read. Needless to say, we are extremely pleased.

This s a really good book that I got from Barnes And Noble (it's a bookstore at Burlington, Vermont.). It has lots of nice comics. But there is one I didn't care for- the one where Nate buys a suggestive comic book. I mean, it is really inappropriate. The other comics were all right. Overall, I would give it three stars. It could be better. But it is what it is, right? I'm Stephanie Cotton, by the way, and I live in Williston, Vermont. Happy reading, all of your comic fans out there!

I love the ending "Dr. Love" comics especially when it is on a kindle because you read from the book and when you do it makes it better than reading it from a plain book
