Planet Name Game (Dr. Seuss/Cat In The Hat) (Step Into Reading)

Synopsis

A Step 2 Step into Reading Science Reader based on an episode of the hit PBS Kids TV show The Cat in the Hat Knows a Lot About That! Â Join the Cat in the Hat as he takes Sally and Nick on an adventure into space to learn the names of the eight planets in our solar system! Written in rhyme for children who can read with help, this Step 2 book is a great way to introduce beginning readers to basic concepts about space and to support the Common Core State Standards. Â Step 2 Readers use basic vocabulary and short sentences to tell simple stories. For children who recognize familiar words and can sound out new words with help.

Ok that was a corny title. We enjoy this book and its colorful illustrations. Both my three and Â¢Â¢almost five- year olds really like it. It can be a good start to a conversation about space and planets. It is fun to read out loud and then go get other library books on the topic. In the tradition of

other Dr. Seuss books it rhymes. The book is updated to have a sad reminder that Pluto is no longer in the line up and we end our naming game with Neptune. And to make it even better it is a level 2 reader and slowly but surely after several readings my son is starting to feel comfortable reading a few pages when he is in the mood. I expect that after many readings the kids will learn to name the planets without noticing. What a great addition to our kid library!

Great book, he loves it. Sad I had to use shipping tape all over it after reading it twice because the binding glue fell apart. :/

love these books, great price, kids walks away learning something, parent feels good about reading, then one day child reads themselves, price is fantastic-keep making many book-different subjects-really enjoy learning along with my daughter

6 yr old daughter says, "A little dull." She thinks it is better for kindergarten. She liked the topic (planets) but disliked the rhymes because they used the same words too often.

My 3 year-old is currently obsessed with the planets and loves hearing the short descriptions. I handed out as favors for his solar system-themed birthday party. Guests were very happy.

Great book for the Dr. Seuss and planet fans!

Good learning, easy for my daughter to remember the names of the planets and she thoroughly enjoyed the story

Cute book, my 3 year old now knows that we live on Planet Earth and we've only read it 3 times. I'll take it!
